

Hollis Tharpe
96 N . Charles St.
Front Royal, VA 22630

Dear Mr. Tharpe;

I feel that we should not rezone the entrance to our town at the corner of Routes 522 and Route 55 for the following reasons:

Rezoning will:

- Increase traffic beyond manageable proportions
- Create major safety problems for A.S. Rhodes Elementary School
- Permanently alter the unique character of our community gateway
- Add time to the daily commute of many of our citizens
- Have a negative effect on the Shenandoah River and Chesapeake Bay Watershed

For these reasons, I urge you to vote against rezoning this property, and I have added my name to a petition stating the same.

Please listen to us and help us preserve this gateway to our community.

Sincerely,
